## ORDERS IN COUNCIL.

GOVERNMENT HOUSE,

VICTORIA, B.C., May 13th, 1938.

PRESENT:

HIS HONOUR THE LIEUTENANT-GOVERNOR IN COUNCIL.

WHEREAS by "An Act respecting Pound Districts" it is enacted that the Lieutenant-Governor in Council may, by Order in Council made public by notice in The British Columbia Gazette, constitute any part of the Province of British Columbia not within the limits of a municipality into a pound district:

And whereas under the provisions of this Act application has been made by proprietors and occupiers of land in the Cariboo District to constitute certain portions as a pound district:

And whereas notice of intention to constitute such part of the Province as a pound district was given in accordance with the requirements of the Act, and no objection has been made by any proprietor within the proposed pound district:

On the recommendation of the Honourable the Minister of Agriculture, and under provisions of sections 5 and 6 of the "Pound District Act," His Honour the Lieutenant-Governor of British Columbia, by and with the advice of his Executive Council, has been pleased to order, and it is hereby ordered, that the following described area be constituted a pound district:—

Lots 7936, 7241, and 7935, Cariboo District, and all that part of Lot 7934, Cariboo District, lying north of a line extending from the northerly south-east corner of Lot 7950, Cariboo District, due east to the intersection of such line with the west boundary of Lot 7241, Cariboo District.

G. M. WEIR,

2388-my26

Clerk of the Executive Council.

## ATTORNEY-GENERAL.

## "MOTOR-VEHICLE ACT."

HIS HONOUR the Lieutenant-Governor in Council has been pleased to order that the regulations made pursuant to the "Motor-vehicle Act," being chapter 50 of the Statutes of British Columbia, 1935, by Order in Council No. 458, approved April 12th, 1935, and published in the Gazette for 1935, be amended in the form and manner set out in the draft amendments hereto.

T. D. PATTULLO,

Acting Attorney-General.

Attorney-General's Department,  
Victoria, B.C., May 23rd, 1938.

## AMENDMENTS TO REGULATIONS PURSUANT TO THE "MOTOR-VEHICLE ACT."

1. By striking out all the words after the word "spot-light" in the definition of "head-light," and substituting therefor the words "a cowl or parking light, a fog-light, a clearance-light, or an auxiliary driving-light."

2. By striking out the words "other than a motor-cycle" in the first paragraph of clause (d) of Regulation 3.

3. By inserting at the beginning of the third paragraph of clause (c) the following words: "Except as otherwise provided in these regulations."

4. By striking out from clause (d) of Regulation 3 the following words:—

"Every motor-cycle shall be equipped with a red reflector of a make or design approved by the Commissioner for the purpose of this regulation, or a light mounted on the rear thereof capable of reflecting or displaying a red light towards the rear, and if equipped with a light such light shall be kept lighted during the period from one-half hour after sunset to one-half hour before sunrise and at any other time when there is not sufficient light to render clearly discernible a substantial object on the highway at a distance of two hundred feet."

5. By striking out clause (e) of Regulation 3, and substituting therefor the following clause:—

"(e.) Every motor-vehicle and every trailer having a width, including the load thereon, in excess of eighty inches at any part shall carry two clearance-lights on the extreme left side and two clearance-lights on the extreme right side of the motor-vehicle, trailer, or load, two located at the front, each displaying a white, green, or amber light visible under normal atmospheric conditions from a distance of five hundred feet to the front of the motor-vehicle or trailer, and the other two located at the rear of the motor-vehicle or trailer, each displaying a red light visible under normal atmospheric conditions from a distance of five hundred feet to the rear of the motor-vehicle or trailer; provided that in the case of a trailer used for hauling logs, reflectors of a type approved by the Commissioner may be carried instead of the clearance-lights prescribed by this regulation in respect to trailers. Every side-car attached to a motor-cycle shall carry two clearance-lights mounted on the extreme outer side of the side-car, one located at the front and displaying an amber light visible under normal atmospheric conditions from a distance of five hundred feet to the front of the side-car and the other located at the rear of the side-car and displaying a red light visible under normal atmospheric conditions from a distance of five hundred feet to the rear of the side-car. A dual light attached to a side-car in such manner as to display lights both to the front and to the rear and capable of fulfilling the above conditions shall be a sufficient compliance with the provisions of this regulation relating to clearance-lights on a side-car. During the period from one-half hour after sunset to one-half hour before sunrise, and at any other time when there is not sufficient light to render clearly discernible a substantial object on the highway at a distance of two hundred feet, the clearance-lights prescribed by this regulation shall be kept lighted whenever the motor-vehicle, trailer, or side-car is on the travelled portion of any highway. No clearance-light shall be equipped with a light-bulb producing light of more than six candle-power or less than two candle-power. No lights on the outside of any motor-vehicle, trailer, or side-car other than those prescribed or permitted by these regulations shall be lighted while the motor-vehicle,

trailer, or side-car is on the travelled portion of any highway. No person shall sell or offer for sale for use on a motor-vehicle any reflector of a type or make which has not been approved by the Commissioner.

6. By striking out the paragraph headed "Fog-light" of clause (f) of Regulation 3, and substituting therefor the following:—

"*Fog-lights.*—Any motor-vehicle other than a motor-cycle may be equipped with not more than two fog-lights, that is to say, spot-lights fixed to the front of the motor-vehicle not higher than the centre of the head-lights and in no case higher than thirty-six inches nor lower than eighteen inches above a level plane upon which the motor-vehicle stands and which lights are so fixed that the main bright portion of the beam from the fog-lights shall strike the highway immediately to the front of or to the right of the medial length line of the motor-vehicle not more than one hundred feet in front of the motor-vehicle. When there is fog to such an extent as to render the use of head-lights disadvantageous, if two fog-lights mounted one on each side of the motor-vehicle are lit, the head-lights may remain unlit. No fog-light shall be equipped with a light-bulb producing light of more than thirty-two candle-power."

7. By striking out the last paragraph of clause (f), and substituting therefor the following:—

"Where a motor-vehicle is equipped with both a spot-light and an auxiliary driving-light only one of them shall be kept lighted at a time. Where a motor-vehicle is equipped with either a spot or an auxiliary driving-light and also a fog-light or fog-lights neither the spot-light nor the auxiliary driving-light shall be kept lighted when the fog-light or fog-lights are lighted."

8. By striking out the second paragraph (commencing with the words "No brakes") of clause (g) of Regulation 3, and substituting therefor the following:—

"No brakes shall be deemed to be adequate within the meaning of this clause unless they are so constructed and adjusted as to be capable of stopping the motor-vehicle, whether loaded or unloaded, when operated on a dry, hard, level highway within the following distances in respect of the following speeds of the motor-vehicle, namely: In the case of a motor-vehicle, whether loaded or unloaded, equipped with service brakes on both axles, within thirty-seven feet from a speed of twenty miles per hour upon application of the service brakes alone, and in the case of a motor-vehicle, whether loaded or unloaded, equipped with service brakes on one axle only within forty-five feet from a speed of twenty miles per hour upon application of the service brakes alone. These braking distances shall be applicable both in the case of a single motor-vehicle and in the case of a combination of motor-vehicles. The brakes shall be maintained in good working-order and shall be so adjusted as to operate as equally as practicable with respect to the wheels on opposite sides of the motor-vehicle so as to prevent the motor-vehicle from swerving, pulling to one side, and otherwise affecting the driver's control on application of the brakes."

"In the case of a motor-vehicle having a trailer in tow where the combined weight of the trailer and its load, but exclusive of passengers, exceeds one thousand five hundred pounds, or where the weight of the trailer exceeds fifty per cent. of the weight of the towing vehicle, the trailer shall be equipped with brakes capable of being operated by the driver of the towing vehicle when he is seated in the driver's seat. The combined brakes of the towing vehicle and of the trailers shall be so constructed and adjusted as to be capable of stopping the combination of vehicles whether loaded or unloaded when operated on a dry, hard, level highway within a distance of thirty-seven feet from a speed of twenty miles per hour. The brakes shall be maintained in good working-order and shall be so adjusted as to prevent side-sway or jack-knifing when applied. Every motor-vehicle shall be equipped with a hand emergency-brake so constructed and adjusted that it is capable of holding the vehicle or combination of vehicles stationary upon any grade upon which the vehicle or combination of vehicles is operated and in any event upon any plus or minus grade of at least five per cent."

9. By striking out the following words from clause (j) of Regulation 3:—

"The following named mechanical or electrical devices shall be deemed to be approved signalling devices for all purposes of these regulations:—

- "All-in-one Auto Signal:
- "Bolton Automobile Safety Signal:
- "Contax" Auto Direction Signal:
- "Eural Traffic Indicator and Horn Operator:
- "Gibbs Auto Direction Indicator:
- "Gordon Signal:
- "Hiker Mechanical Traffic Signal for Motor Vehicles:

"In the case of every motor-vehicle, other than a motor-cycle, which is equipped with a right-hand drive, and which has not heretofore been registered under the Act, all signals required by this regulation shall be given by means of an approved device, and no such motor-vehicle shall be driven or operated on any highway unless it is equipped with a signalling device duly approved for the purposes of these regulations."

and substituting therefor the following:—

"In the case of every motor-vehicle, other than a motor-cycle, which is equipped with a right-hand drive, and which has not heretofore been registered under the Act, all signals required by this regulation shall be given by means of an approved device, and no such motor-vehicle shall be driven or operated on any highway unless it is equipped with a signalling device duly approved for the purposes of these regulations:

"Where a motor-vehicle has in tow a trailer of which the gross weight

exceeds one thousand five hundred pounds the trailer shall be equipped with a lamp capable of displaying a coloured light in the rear of the trailer (additional to the tail-light), and operated automatically in conjunction with the foot-brake of the towing vehicle. The driver of the towing vehicle shall not bring it to a stop or abruptly or suddenly check its speed without giving the appropriate signal by lighting the coloured light in the rear of the trailer:

"Where the trailer is of such size or construction that it tends to prevent or obstruct the view by the driver of a following or overtaking motor-vehicle of signals given by the driver of the towing vehicle, the trailer shall be equipped with approved mechanical or electrical devices capable of giving the appropriate signals to indicate turning or changing of course on the highway, and such mechanical or electrical devices shall be capable of being operated by the driver of the towing vehicle when he is seated in the driver's seat."

10. By striking out clause (m) of Regulation 3, and substituting therefor the following:—

"(m.) Every motor-vehicle shall be equipped with a mirror so located as to reflect to the driver a view of the highway for a distance of at least two hundred feet to the rear of the motor-vehicle. In the case of a motor-vehicle having a trailer in tow, the towing motor-vehicle shall be equipped with two mirrors, one of the mirrors being located on the left front door or on the left wind-shield post or on a projecting rod on the left of the motor-vehicle, and the other mirror being located on the right front door or on the right wind-shield post or on a projecting rod on the right of the motor-vehicle. Both mirrors shall be so adjusted as to reflect to the driver a view of the highway for a distance of at least two hundred feet to the rear of the trailer."

11. By amending Regulation 3 by adding thereto as clause (o):—

"(o.) No person shall operate upon any highway a motor-vehicle, the wind-shield of which is in such condition as to impair the driver's vision."

12. By amending Regulation 3 by adding thereto as clause (p):—

#### "CONNECTION BETWEEN COMBINATION OF VEHICLES.

"(p.) The draw-bar or other connection between a motor-vehicle and a trailer shall be of such construction and strength as to hold the weight of the towed vehicle on any grade on which the combination of vehicles is operated, and to prevent a breakaway. The coupling device shall be firmly fixed to an integral part of the frame of both the towing vehicle and of the trailer. In addition to the main coupling device there shall also be an auxiliary hitch consisting of a chain or metal cable equivalent in strength to the main coupling device."

13. By amending Regulation 3 by adding thereto as clause (q):—

"(q.) Where any trailer operated on a highway is equipped with a window or other fixture which is hinged so as to swing outwards, the window or other fixture shall be so constructed and adjusted that when swung outwards

to its extreme limit no part of it shall project beyond the fenders or hub-caps of the trailer."

14. By amending Regulation 3 by adding thereto as clause (r):—

"(r.) No equipment or fixture shall be attached to any motor-vehicle in such a manner or position as to interfere with or obstruct the driver's vision."

15. By amending Regulation 12 by striking out the words "for the purpose of carrying passengers for hire."

16. By amending Regulation 13 by striking out the words "for the carrying of passengers"; and the words "for the purpose of carrying passengers for hire."

17. By amending Regulation 20 by striking out the word "passenger" wherever it occurs in said regulation.

18. By striking out Regulation 21, and substituting therefor the following:—

#### "CONSTRUCTION, EQUIPMENT, AND OPERATION OF SCHOOL BUSES.

"21. Every person who drives, operates, or uses on any highway a motor-vehicle as a school bus shall observe and carry out the following provisions in addition to all other requirements of the Act or regulations, and every other person to whom any of such provisions apply shall observe and carry out that provision:—

##### "INTERPRETATION.

"(a.) In this regulation, unless the context otherwise requires:—

"'Mechanical Inspector' means any person authorized by the Commissioner in writing to inspect and pass upon the fitness of school buses:

"'Permittee' means the person to whom a permit is issued by the Commissioner for the operation of a school bus:

"'School bus' means a motor-vehicle used for the conveyance of children to and from school, and operated by or under contract with the Board of School Trustees or other authority in charge of the school, but does not include a motor-vehicle duly licensed under Part V. of the 'Highway Act' as a public passenger-vehicle.

##### "INSPECTION AND PERMIT.

"(b.) No motor-vehicle shall be used as a school bus until it has been submitted to the Mechanical Inspector for inspection and a permit for its use pursuant to this regulation has been obtained from the Commissioner. The Mechanical Inspector, in addition to examination of the motor-vehicle as to mechanical fitness, construction, equipment, and seating capacity, may subject it to any test which he considers necessary, and he shall report the result of his inspection to the Commissioner for consideration in dealing with the application for the permit.

"The permittee and every person in charge of a school bus shall, upon the request of any officer or constable of the Provincial Police, forthwith take the school bus to a place designated by the officer or constable, and shall submit the same there for inspection and testing.

"Where in the opinion of any officer or constable of the Provincial Police a school bus is unfit for the carrying of school-children, no person shall operate such school bus or cause it to be operated on any highway for the purpose of carrying school-children until

the defect causing such unfitness has been remedied to the satisfaction of the officer or constable.

##### "CONSTRUCTION AND EQUIPMENT.

"(c.) (1.) The body of every school bus shall be of substantial wooden or metal frame and sides, all permanently and securely fastened to the chassis, and shall not have an overhang inconsistent with the length of the wheel-base and chassis used, but in all cases the length of the body shall be in proper proportion to the length of the wheel-base and chassis. The wheel-base of any chassis as originally supplied by the manufacturer shall not be altered in any manner. The gross vehicle weight of any school bus shall not exceed the gross vehicle weight as fixed by the official in charge of the engineering department of the manufacturer of the chassis.

"(2.) A sign, consisting of the words 'School Bus' in black letters not less than five inches in height on a yellow background, shall be carried in a conspicuous place on the outside of both the front and the rear ends of the body.

"(3.) Every school bus shall be equipped with a standard speedometer and four-wheel brakes, a 'Stop' signal-light, dual wind-shield wipers, and adequate interior lights, which shall be maintained in effective working order. Every school bus shall be equipped with adequate defrosters when such, in the opinion of the Mechanical Inspector, are considered necessary. Red reflectors of a make or design approved by the Commissioner under the provisions of clause (d) of Regulation 3 of these regulations shall be mounted on the right and left corners of the rear of the body approximately thirty-six inches from the level surface on which the vehicle stands.

"(4.) All seats shall be securely fastened to the floor. The exhaust and heater lines shall be so constructed as to prevent any fumes entering the body. At least one fire-extinguisher of one-quart capacity pump or pressure type, in working-order, shall be carried in such a position as to be quickly obtainable by the chauffeur.

"(5.) Every school bus shall be equipped with at least one emergency exit door located on the left-hand side at the rear, which shall be marked conspicuously both inside and outside with the words 'Emergency Door' in black letters not less than two and one-half inches in height on a yellow background, and shall be equipped with a safety-latch approved by the Mechanical Inspector. This door shall be opened only in case of emergency, but its operation shall be tested daily by the chauffeur. The entrance and exit door shall be located on the right-hand side at the front, and shall be controlled from the driver's seat by a device approved by the Mechanical Inspector.

"(6.) The wind-shield and windows shall be of safety-glass and be so placed as to give the chauffeur a clear and unobstructed view ahead, to the right, left, and rear; and the windows shall be arranged so that the children cannot put their heads or arms outside.

"(7.) Four clearance-lights, as defined in clause (e) of Regulation 3,

shall be carried, one at each side of the front and one on each side at the rear of the body, and these lights shall be kept lighted as set out in clause (c) of Regulation 3. The body of every school bus put into service after June 30th, 1938, and of every school bus repainted after that date shall be painted 'school-bus yellow.'

"The provisions of subclauses 5, 6, and 7 of this clause shall not apply to ordinary passenger motor-vehicles used as school buses.

"No person shall change, reconstruct, materially alter, modify, or add to the body or seating capacity of of any school bus without the written approval of the Commissioner or Mechanical Inspector.

#### " OPERATION.

"(d.) The permittee shall make or cause to be made a daily test of the brakes of each school bus operated by him, and shall not operate it unless the brakes are in effective working-order. The floors of every school bus shall be washed at least once a week with water containing a disinfectant solution and every school bus shall be kept in a clean and sanitary condition. No fuel shall be put into the fuel-tank of any school bus while the school bus is occupied by any passenger or while the engine is operating.

"Children shall not be taken on or discharged from a school bus on any highway unless a clear and unobstructed width of not less than ten feet of the travelled portion of the highway is left for free passage of other vehicles, or a clear view of the school bus may be had for a distance of at least two hundred feet in each direction upon the highway. Children shall enter and leave a school bus only by the right-hand side, and then only after the school bus has come to a full stop. Children, or any person accompanying or in charge of them, shall not sit or stand on the left-hand side of the chauffeur at any time. The chauffeur in charge of a school bus shall not permit any person to ride on the running-boards, fenders, or any part of the school bus other than the seats thereof, and all such persons shall be safely and comfortably seated. No school bus shall be operated with the gears in neutral, or clutch disengaged in such a manner as to allow the vehicle to coast. If during any trip any part of a school bus, whether the same be an automotive or a vehicular part, becomes so defective or ineffective that continuing the trip would in the least endanger the safety or comfort of any passenger, the school bus shall be brought to a stop at a point off the line of travel, and shall not proceed with passengers until the defect is remedied or the danger removed. When a school bus becomes temporarily disabled so that it cannot be used, arrangements may be made for substituting such suitable equipment as is necessary in order to maintain satisfactory service for the safe transportation of such passengers. If the temporary substitution of such equipment will be required for a longer period than forty-eight hours, the Commissioner shall be notified of the substitution and shall have the right to make any order considered necessary in the circumstances."

## LEGISLATIVE ASSEMBLY.

## PRIVATE BILLS.

## EXCERPT FROM STANDING ORDERS RELATING TO PRIVATE BILLS.

100. (1.) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2.) Such notice shall be published in The British Columbia Gazette and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3.) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4.) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

97. No petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1.) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session:—

- (a.) A printed copy of such Bill;
- (b.) A copy of the petition to be presented to the House;
- (c.) Copies of the notices published, with publication proved by a statutory declaration or affidavit to the satisfaction of the Clerk of the House.

(2.) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of three hundred dollars.

(3.) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees shall be returned.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll-bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

103. (1.) All Private Bills for Acts of incorporation shall be so framed as to incorporate

by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2.) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3.) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. All Private Bills shall be prepared by the parties applying for the same, and printed in small-pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10¾ inches by 7½ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

In the case of Bills to incorporate companies, in addition to the fee of \$300 mentioned in Rule 98, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

All cheques in payment of fees must be certified.

Dated May 1st, 1930.

W. H. LANGLEY,  
Clerk, Legislative Assembly.

To sell or otherwise dispose of ore, metal, oil, gas, or other mineral product, and to take contracts for mining-work of all kinds, and to accept as the consideration credits, money, or shares, stock, debentures, or other securities of any limited company wheresoever incorporated and carrying on any business, directly or indirectly, conducive to the objects of the herein Company, if such shares, stock, debentures, or other securities are fully paid up, and to sell or otherwise dispose thereof:

(10.) To carry on any other business, whether manufacturing or otherwise, which may seem to the Company capable of being conveniently carried on in connection with the above, or calculated, directly or indirectly, to enhance the value of or render profitable any of the Company's property or rights:

(11.) To acquire and undertake the whole or any part of the business, property, and liabilities of any person or company carrying on any business which the Company is authorized to carry on, or possessed of the property suitable for the purposes of this Company:

(12.) To enter into any arrangement for sharing profits, union of interests, co-operation, joint adventure, reciprocal concession, or otherwise with any person or company carrying on or engaged in, or about to carry on or engage in, any business or transaction which this Company is authorized to carry on or engage in, or any business or transaction capable of being conducted so as, directly or indirectly, to benefit this Company; and to lend money to, guarantee the contracts of, or otherwise assist any such person or company, and to take or otherwise acquire shares and securities of any such company, and to sell, hold, reissue, with or without guarantee, or otherwise deal with the same:

(13.) To enter into any arrangements with any Governments or authorities (supreme, municipal, local, or otherwise) that may seem helpful and conducive to the Company's objects or any of them, and to obtain from any such Government or authority any rights, privileges, and concessions which the Company may think it desirable to obtain, and to carry out, exercise, and comply with any such arrangements, rights, privileges, and concessions:

(14.) To establish and support, or aid in the establishment and support of, associations, institutions, funds, trusts, and conveniences calculated to benefit employees or ex-employees of the Company or its predecessors in business, or the dependents or connections of such persons, and to grant pensions and allowances, and to make payments towards insurance, and to subscribe or guarantee money for charitable or benevolent objects, or for any exhibition, or for any public, general, or useful object:

(15.) To promote any company or companies for the purpose of acquiring all or any of the property, rights, and liabilities of this Company, or for any other purpose which may seem, directly or indirectly, calculated to benefit this Company:

(16.) To invest and deal with the moneys of the Company not immediately required in such manner as may from time to time be determined:

(17.) To lend money to such persons and on such terms as may seem expedient, and in particular to customers and others having dealings with the Company, and to guarantee the performance of contracts by any such persons:

(18.) To borrow or raise or secure the payment of money in such manner as the Company shall think fit, and in particular by the issue of debentures or debenture stock, perpetual or otherwise, charged upon all or any of the Company's property (both present and future), including its uncalled capital, and to purchase, redeem, or pay off any such securities:

(19.) To remunerate any person or company for services rendered or to be rendered in placing or assisting to place, or guaranteeing the placing of, any of the shares in the Company's capital, or any debentures, debenture stock, or other securities of the Company, or in or about the formation or promotion of the Company or the conduct of its business:

(20.) To draw, make, accept, endorse, discount, execute, and issue promissory notes, bills of exchange, bills of lading, warrants, debentures, and other negotiable or transferable instruments:

(21.) To sell or dispose of the undertaking of the Company or any part thereof for such concession as the Company may think fit, and in particular for shares, debentures, or securities of any other company having objects altogether or in part similar to those of this Company:

(22.) To obtain any provisional order or Act of Parliament for enabling the Company to carry any of its objects into effect, or for effecting any modification of the Company's constitution, or for any other purpose which may seem expedient, and to oppose any proceedings or applications which may seem calculated, directly or indirectly, to prejudice the Company's interests:

(23.) To procure the Company to be registered or recognized in any foreign country or place:

(24.) To sell, improve, manage, develop, exchange, lease, mortgage, enfranchise, dispose of, turn to account, or otherwise deal with all or any part of the property and rights of the Company:

(25.) To do all or any of the above things in any part of the world, and as principals, agents, contractors, or otherwise, and by or through trustees, agents, or otherwise, and either alone or in conjunction with others:

(26.) To do all such other things as are incidental or conducive to the attainment of the above objects:

(27.) To amalgamate with any other company having objects altogether or in part similar to those of this Company:

(28.) To distribute any of the property of the Company in specie among the members:

(29.) Subject to section 124 of the "Companies Act," and in compliance therewith, to pay a commission to any person at a rate not to exceed twenty-five per cent. (25%) of the amount paid to the Company, and for which the shares are issued in each case in consideration of his subscribing or agreeing to subscribe, whether absolutely or conditionally, for any shares in the Company, or for procuring or agreeing to procure subscriptions, whether absolute or conditional, for any shares in the Company.
